## INVERTER WELDING MACHINE

### Basic equipment

### BODY REPAIR TOOLS

A-10+ (190144)

### Properties

Spot welding machine working with C and X clamp
Single-side welding
Choosing of clamp straight from the gun
20 software memory locations for welding
Welding report on memory card
13000 A, clamp electrode force 550 daN
32A fuse

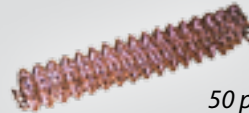

### Consumables

100 pcs  
HSK-811

30 pcs  
HSK-703

50 pcs  
WB-11

HSK-819
